

I purchased XM satellite radio so I wouldn't have to listen to the sleezebag "disk jockeys" with their bathroom humor.

NOW I find out that they are "paying off" congress and the FCC, so they can keep broadcasting their sleeze and prevent me from listening to my XM satellite radio and get instant weather and news when it comes to Memphis.

WHAT IS GOING ON! This appears to be a case of "over the air sleeze radio" attempting to block our choice NOT to listen to their sleeze and bathroom talk on "over the air".

They truly belong in the "HALL OF SHAME" of political payoffs.

PLEASE DO NOT ALLOW THIS BUY OFF-STOP IT NOW AND CONTINUE TO ALLOW XM RADIO TO BROADCAST
